COMMONER JOTTINGS.

There are a number of "self-made" men in congress who seem to have forgotten to put any regard for the rights of the people into their architectural designs.

The Washington Post suggests that if Colonel Mann is sent to prison his victims should be sent to the foolish house. We object. There are many unfortunate lunatics in the asylums who have done nothing to warrant the infliction of such odorous company upon them.

Secretary of the State Root wastes time when he stops to assure the public that there is no truth in the report that Japan is trying to purchase the Philippine islands. Uncle Sam seems destined to go down in history as the last of the international gold brick purchasers.

The mental and patriotic calibre of the Republican congressional majority is shown by Mr. Payne's statement that joint statehood was brought about by the Republicans because separate statehood would have meant "four more Democratic senators." Partisan politics is of much more concern with statesmen of the Payne brand than either justice of patriotism.

The counties of Inyo, Riverside and Kern, California, have begun the placing of sign posts pointing the way to water holes. Sign posts would greatly reduce the death rate from thirst on the desert. The posts should be placed during the present cool season, for with the coming of spring will come the ever-increasing influx of desert prospectors, who are such easy prey to the fatalities of the trackless desert. Esmeralda county should wake up and follow the example set by her neighboring California counties.

Lieutenant Sydney Burbank who married a Filipino woman, is to be confined in Fort Leavenworth. The young American to whom he was engaged to be married when the punishment for his recreancy fell upon him says that she will marry him as soon as his term of imprisonment is up. In all charity one might wish it otherwise, but it would appear that in getting Burbank the lady will be achieving something to which she is entitled.
